31st October 2016

Dear Parents/ Carers

SCIENCE WEEK – NOVEMBER 14th – 18th

As you will have seen from the list of dates published at the beginning of term we have a Science Week planned later in November. The purpose of the week is to raise the profile of the subject and to inspire the children through fun and engaging practical activities. All the activities will have a specific science learning purpose with an aim to develop the children's investigation skills. During the week they will have the opportunity to test a hypothesis, plan a 'fair test', make a prediction, collate the results of their investigation, and draw a conclusion based on the results.

In order to ensure that we are able to resource the activities appropriately we are asking for a contribution of £2 / child towards the costs of the week. Please send your contribution to the class teacher by MONDAY 7th NOVEMBER to help ensure that our Science Week is a great success.

All parents/ carers are invited to the Coston Science Fair after school on Thursday 17th November (3.45pm – 4.45pm) when the children will show case some of their practical work for you.

Thank you for your support.

Yours sincerely
